Rewrite the sentence below, using three alternative '-ing' verbs.

The wild dogs eagerly prepared for the chase: scouting, tracking, cornering.

Did You Know?

African wild dogs are masters of teamwork. When chasing prey, they use careful coordination to tire their target. Each dog has a specific role, some run fast to scare the prey, while others block escape routes. Their cooperation is key, helping them to catch food faster and more efficiently. It's a powerful example of how some animals work together for survival!

Number Challenge

In an area of South Africa, there are five packs of hunting dogs with the following sizes:

- Pack 1: 16 dogs
- Pack 2: 18 dogs
- Pack 3: 24 dogs
- Pack 4: 32 dogs
- Pack 5: 40 dogs

What is the mean average pack size?

Critical Thinking

How do African wild dogs decide what roles they will play when hunting prey?
