

Morning Starters: Summer 1 - Fascinating Fruit

Word Challenge

The title ‘Fabulous Fruit’ uses alliteration.

Complete the titles below so that they also use alliteration:

- _____ Mushrooms
- _____ Toadstools
- _____ Fungi
- _____ Mold

Grammar Challenge

Click text to edit ✎

Rewrite the sentence below, adding a ‘where the action took place’ fronted adverbial.

The delicate mushrooms glowed with an eerie green light.

Example: In the depths of the forest, the delicate mushrooms glowed with an eerie, green light.

Did You Know?

Fungi, like mushrooms and toadstools, grow amazing fruiting bodies above ground to spread their spores. Most of the fungus lives hidden underground, feeding on dead plants and animals. Incredibly, some fungi even glow in the dark! Many fungi are poisonous. This clever defense strategy stops animals from eating them before their spores are ready to spread.

Number Challenge

Solve the puzzle, by finding the value of each type of fungi.

	+		+		=	48
	+		+		=	40
	+		+		=	22
	×		+		=	?

Critical Thinking

Draw what you imagine the hidden part of a fungus looks like beneath the surface.
