Rewrite the following sentence, adding a relative clause that starts with the pronoun 'which'.

The daffodils filled the air with their sweet scent.

Example:

The daffodils, **which** lined the banks of the river, filled the air with their sweet scent.

Did You Know?

Spring brings warmer temperatures and longer days, which wake up nature! Flowers bloom, leaves return to trees, and bees buzz busily to gather nectar. Animals like the hedgehog emerge from hibernation, and birds are occupied building nests. Plants and animals are equipped to take advantage of spring's energy, starting the cycle of growth again with enthusiasm and determination.
