Write a descriptive sentence that follows on from the sentence below.

In the once pristine waters of the Galápagos Islands, a majestic sea turtle struggled to swim, its flippers caught in a tangle of plastic.

Did You Know?

The Galápagos Islands are a haven for rare wildlife found nowhere else on Earth. However, plastic pollution threatens this ancient ecosystem. Communities and scientists on the islands are determined to fight back, cleaning beaches and reducing plastic use. Their goal is to create a plastic-free paradise and inspire the world to do the same, proving how determined teamwork can tackle even the biggest problems!
